Constantin Sinowski

Berlin, Germany — +49 1567 9001672 — application@sinowski.de — sinowski.de

Professional Summary

AI Consultant & IT Business Partner with a focus on **Data Engineering, ML Infrastructure, & Digital Process Optimization**. I align technical innovation with operational excellence by utilizing deep data analytics and software development to generate measurable business value through Artificial Intelligence across the entire value chain.

Skills & Expertise

- **Artificial Intelligence** – Copilot, LM Studio, Make, IFTTT
- **Data Analysis & Business Intelligence** – Python, SQL, ML/AI, KNIME
- **Cloud Infrastructure** – AWS, Azure, Docker, Kubernetes
- **Process Automation** – REST APIs, Git, Perl, Bash, PowerShell
- **Project Management & Agile Methods** – Scrum, Kanban

Professional Experience

HAVI Solutions GmbH & Co. KG - IT Consultant (06.2024 – 11.2024)

- Optimized tools for data migration in XML, ensuring secure transfer of large datasets.
- Conducted data analysis using SQL and Perl, identifying patterns for strategic decision-making.
- Developed automation scripts using Bash and PowerShell for IT infrastructure processes.
- Engaged in continuous upskilling to enhance expertise in databases, analytics, and software development.

Hubert Burda Media Holding - Business Intelligence & Data Analytics (04.2023 – 02.2024)

- Managed financial data using KNIME and Excel; created insightful dashboards and reports.
- Designed and maintained time-tracking spreadsheets for accurate HR documentation.
- Evaluated local-first analytics software to identify high-performance alternatives to Excel.

Scale AI – AI Trainer (10.2023 – 05.2024)

TIER Mobility - Data Entry Clerk (10.2021 – 10.2022)

- Digitized and organized high-volume incoming documents using Google Drive workflows.
- Automated data entry and validation in Google Sheets, reducing processing time and errors.
- Authored academic theses on Technical Sales and Business Intelligence in collaboration with TIER.

Sasserath Munzinger Plus - Data Analyst (05.2022 – 06.2022)

- Processed and analyzed survey data (n=1000) on brand perception of European football clubs.
- Transformed and visualized results in Excel; produced branded presentations with insights.
- Used SPSS to clean, transform, and export structured data for business recommendations.

HAVI Solutions GmbH & Co. KG - Junior Software Developer & IT-Support (02.2019 – 08.2019)

- Created Bash, Perl, and Java tools for data migration and validation in archival systems.
- Developed a Java-based application using Git and Scrum principles in a collaborative environment.
- Drafted documentation for cloud infrastructure using AWS, Docker, and Kubernetes.
- Designed MS Word/Excel-based automation for document consistency across departments.

Motion Fashion Network Europe GmbH - IT Programmer (03.2018 – 06.2018)

- Exported internal proMO data to SAP-compatible XML for enterprise integration.
- Implemented Google Maps API into customer-facing site to enhance location visibility.
- Consolidated product data in a centralized system to improve marketing and sales consistency.

eeTech - Team Lead (02.2013 – 06.2013)

- Led a 12-member sales team in government-funded energy-efficiency initiatives in Australia.
- Implemented power outlet installations that reduced household energy consumption by up to 50%.
- Surpassed daily installation targets by 70% through clear goals and performance coaching.
- Managed customer education, on-site installation, and reporting to stakeholders.

Education

Bachelor of Engineering in Industrial Engineering Digital Engineering & Management
Hochschule Fresenius onlineplus
Graduation Year: 2024

Languages

- **German** – native, C2
- **English** – native, C2
- **French** – advanced

Certifications

Artificial Intelligence

- **Elements of AI for Business** – MinnaLearn (2026)
- **KI Spezialist** – Match4IT (2025)
- **KI - Chancen und Risiken für die Cybersicherheit** – Hubert Burda Media (2023)

Data Analysis

KNIME L1 – KNIME (2023)

- **SQL**
  - **Analyze Data with SQL** – Codecademy (2024)
  - **Grundlegendes zur Parallelität in MySQL** – Microsoft Learn (2024)
  - **Grundlegendes zur Client-Server-Kommunikation in MySQL** – Microsoft Learn (2024)
  - **Konfigurieren von Speicher- und Dateidiensten** – Microsoft Learn (2024)
  - **SQL Server-Upgrades** – Microsoft Learn (2024)
  - **Programmieren mit Transact-SQL** – Microsoft Learn (2024)
  - **Erste Schritte mit Abfragen mit Transact-SQL** – Microsoft Learn (2024)
  - **Learn SQL Course** – Codecademy (2024)
  - **How to Transform Tables with SQL Course** – Codecademy (2019)
  - **How to Analyze Business Metrics with SQL Course** – Codecademy (2015)

Business Intelligence

  - **BI Dashboards with Power BI** – Codecademy (2023)
  - **Aufbereiten von Daten für die Analyse mit Power BI** – Microsoft Learn (2023)
  - **Abrufen und Transformieren von Daten mit Power BI** – Microsoft Learn (2023)
  - **Power BI – Vom Datenchaos zur effektiven Entscheidungsgrundlage** – Hubert Burda Media (2023)
  - **Power BI für Einsteiger:innen** – Hubert Burda Media (2023)
  - **Erste Schritte mit Power BI** – Microsoft Learn (2023)
- **Einführung in SAP S/4 HANA** – Hochschule Fresenius (2023)
- **Data Science - Definition, Grundlagen und Anwendungsbeispiele** – Hochschule Fresenius (2022)
- **Microsoft Excel VBA: Grundlagen der Programmierung** – Hochschule Fresenius (2022)
- **Excel Advanced** – Hochschule Fresenius (2022)
- **Learn R Course** – Codecademy (2019)
- **Learn Python 2 Course** – Codecademy (2019)

Process Automation

- **Bash Scripting** – Codecademy (2024)
- **Verwalten von Einstellungen für einen lokalen Windows-Computer mithilfe von PowerShell-Cmdlets** – Microsoft Learn (2024)
- **Erstellen und Verwalten geplanter Aufträge mithilfe von Windows PowerShell** – Microsoft Learn (2024)
- **Erstellen und Verwalten von Hintergrundaufträgen mithilfe von Windows PowerShell** – Microsoft Learn (2024)
- **Work with different technologies in Power Automate for desktop** – Microsoft Learn (2023)
- **Implement advanced logic in Power Automate for desktop** – Microsoft Learn (2023)
- **Create and Manage Automated Processes by using Power Automate** – Microsoft Learn (2023)
- **Automate processes with Robotic Process Automation and Power Automate for desktop** – Microsoft Learn (2023)
- **Automate a business process with Power Automate** – Microsoft Learn (2023)
- **Learn Bash Scripting Course** – Codecademy (2018)

Coding languages

- **Learn C# Course** – Codecademy (2023)
- **Learn Git & GitHub Course** – Codecademy (2019)
- **Learn the Command Line Course** – Codecademy (2018)
- **Learn Java Course** – Codecademy (2016)
- **Learn C++ Course** – Codecademy (2015)

PADI Divemaster – PADI (2024)
